To Whom It May Concern:

This letter is written concerning the placement of a cellular phone tower in Dry Branch, Knott Co., KY, (PSC Case No. 96-519).

I would like to express my concern over the placement of this tower. I am concerned about the possible problems it could present to my family who live in this area. My parents, grandmother, and several aunts, uncles, and cousins, live in the vicinity of the site for the proposed tower. The tower could negatively effect their health, which is a great concern to them as well as to me. Also the construction and upkeep of the tower could interfere with their daily activities, if the road going up the branch deteriorates because of the type of vehicles involved in construction.

I would again like to say that I am very concerned with the placement of the tower and the negative effects that could result from its placement. Therefore, I oppose it's placement.

Sincerely,

*Sharon Thornsberry*

Dear Sirs:

I am writing in regard to case no. 96-519 concerning the proposed installation of a cellular telephone tower.

I would like to intervene with the proposed installation of a cellular telephone tower directly adjacent to property owned by my siblings and I as heirs of Hobert Slone. I object to the installation of this tower because I have not been informed of the possible damaging effects it will have on the property.

Also, I am concerned for the safety of my elderly mother who lives alone in a residence near the proposed site. I fear that open access to this property may jeopardize the sense of security that my mother can now enjoy.

Please let me know if my family needs to take further action.

Sincerely,

*Colleen Childers*
